2. 14.8.2008 Heard.

While traveling in a train the petitioner and others were found storing in their respective luggage ganja and the same weighing 6 K.Gs. was recovered from their possession.

The contention is that another accused from whose possession 42 K.G. ganja was recovered has been granted bail by a Bench of this Court. In matter of bail an order to that effect is never a precedent, I take a view different from that of the Hon'ble Judge and considering the nature of the offence I dismiss the petition.
